

ALISHBA ARSHAD

JUNIOR WEB DEVELOPER

CONTACT:

- Islamabad, Pakistan
- +92 327 5523899
- alishba.arshad144@gmail.com
- Portfolio/GitHub: [add your link here]

TECHNICAL SKILLS:

- **Languages:** HTML5, CSS3, JavaScript
- **Web / Front-End:** Responsive Web Design, UI/UX fundamentals, Cross-browser layout
- **Tools:** VS Code, Git basics, Ncomputing
- **Design (bonus):** Adobe Illustrator, Photoshop, CorelDRAW, Canva — useful for building UI mockups before coding
- **Other:** Microsoft Office (Word, Excel, PowerPoint)

EDUCATION:

BS Computer Science (BSCS) — Federal Urdu University of Arts, Science & Technology (FUUAST), Islamabad

Oct 2022 – Jul 2026 | Coursework: Programming Fundamentals, Web Development, Database Systems, Software Engineering

FSc (Pre-Engineering/ICS) — Islamabad College for Girls (ICG), F-6/2, Islamabad
May 2020 – Jun 2022

ADDITIONAL NOTES:

- Combines development skills with design ability — comfortable owning a feature from mockup to working front-end.

PROFILE:

Computer Science graduate (BSCS, FUUAST) with hands-on front-end development experience gained through a remote web development internship and a full-stack final year project. Comfortable with HTML, CSS, and JavaScript, with working knowledge of responsive design and UI implementation from Adobe/design background. Quick learner, reliable communicator, and used to working in small, deadline-driven teams.

EXPERIENCE:

Web Development Intern

HEEX Softwares (Remote)
Jul 2025 – Aug 2025

- Built and maintained front-end components for web-based projects using HTML, CSS, and JavaScript, following responsive design principles.
- Collaborated with a remote team on real project tasks, strengthening debugging, problem-solving, and code-review habits.

Final Year Project — Graduate Research Management System (GRMS)

FUUAST, Islamabad
Oct 2025 – Jul 2026

- Developed a web-based system to manage research proposal submission, thesis evaluation, supervisor allocation, and progress tracking.
- Worked across the stack: contributed to UI design, front-end implementation, and testing alongside a project team.

Graphic Design Intern (NAVTTTC Programme)

CISD, Bharakahu, Islamabad
Jan 2024 – Apr 2025

- Designed logos, posters, and social media assets using Adobe Illustrator and Photoshop — directly transferable to building clean, on-brand UI.

Tele Sales Executive

BizTech Consults, Islamabad
Jan 2024 – Jul 2026

- Part-time role handling customer communication and lead generation alongside studies; developed client communication and time-management skills relevant to client-facing dev work.

- Open to on-site roles in Islamabad/Rawalpindi; available immediately.
